FILL-A-BOOK BAG PROGRAM

Stocking up on calculators, book bags and notebooks may seem like an annual rite of autumn for students heading back to school, but as many parents know, equipping a child for school is not cheap and often times isn't possible.

The Durand Woman's Club is sponsoring the Fill-a-Book Bag program for children who attend school in Pepin County and whose families are in need of financial help. We would like to make sure that all school age children have the tools they need for success in the classroom. We will supply book bags and the materials required at the child's grade level for children of families in need..

Attached is an application form for your family. Complete the form and return it by **August 4, 2023** to:
