FEEDBACK FORM: To strengthen the faith filled community at Assumption Catholic Schools, the Education

Committee is again asking for your feedback. We received about 30% of the surveys back last year and have worked hard to heed the feedback and make some changes to better our school. Some of the things we have addressed this year include: training the fourth graders to serve at Masses, providing additional help for students with an afterschool study hall, adopting a new Math program with more of a problem solving emphasis, implementing differentiated reading to our elementary reading program, enhancing our Resource Teacher position to include students,

teachers and parents, infusing social skills lessons at both campuses. We have offered more hands-on service-based community projects including the *pay it forward* McDonald's gift cards, collecting food for the local food bank, and volunteering at Feed My Starving Children. We continue to offer afterschool activities such as the chess club, open gym, forensics, volleyball, and basketball.

We appreciate all the feedback you can give us to let us know what we are doing well and share with us the areas where we can improve, all of which will help to determine our future goals. Thank you for taking the time to complete the survey. Please return it to us by **Monday, May 13**.

Results of this feedback will be presented at the **Education Committee meeting on Monday, June 17th at 6:00**. We invite you to attend to help us further our faith filled community and continue to foster our school's **faith, academics and service**.
