MONUMENT – MARKER – BENCH APPROVAL FORM

Sacred Heart of Jesus Riverside Catholic Cemetery Association, Mondovi, Wisconsin

A monument, marker or a bench can be a significant means of remembrance of a person who was very important in the lives of those left behind. It is also a remembrance of the faith and beliefs that the person lived by and which brought that person to a Catholic cemetery for their place of burial.

For these reasons, The Cemetery Association requires that all monuments, markers or benches have The Cemetery's approval to ensure dignity and reverence befitting to the person being buried and also to those already buried.

Requested By (Print Name): _____ Date Requested: _____
